Undercabinet Hood Provides Venting Options

The SUF 1 under-cabinet ventilation hood from Sirius Range Hoods integrates into 30" and 36" cabinetry. It can be installed to vent externally through the top of the unit or can be recirculated by placing a carbon filter behind the

removable aluminum grease filter. Push-button controls on the front of the canopy direct three-speed air ventilation and two 20W halogen lamps. The SUF1 delivers 375 CFM at 61dba/3.9 sones. **Sirius Range Hoods Ltd., 1051 Clinton St., Buffalo, NY 14206**
